

XSDK005#49 - PIGMA MICRON BLACK 0,2 MM - Fineliners

Sakura Pigma Color Technologies; Pigma was the first ink in the world to combine pigments and water. The fine tip makes this pen ideal for creating both technical and artistic drawings. The ink will not bleed through paper.

Product benefits

- Unique Pigma ink is permanent, colour, water, and light-fast.
- Writes on virtually any porous surface, extremely suitable for use on tracing paper.
- The ink will not bleed through the paper.

Sales features

- The unique Pigma ink is suitable for filing purposes; archival-proof.
- Available in a variety of tip shapes and line widths, and in the most popular colours.

Target group, suitable for age:

14+

Colour(s): Black

Point in metal pipe tip line thickness 0,2 mm

Harmonised Statistic Code: 96082000
